

Team Meeting

4/11/23

7:30PM

Virtual - Discord

Meeting called by:	Altin Marku	Type of meeting:	Decision-making
Facilitator:	Altin Marku	Note taker:	Thoa Le
Timekeeper:			
Attendees:	Thoa Le, Xavier Ruiz		
Please read:	Ethereum and how to make your own coin attached to it.		
Please bring:	N/A		

Minutes

Agenda item: Find out how to make a coin with Ethereum as a platform. **Presenter:** Altin Marku

Discussion:

What different ways can we have this fiat attach to Ethereum? Should we do contracts? A crypto traded to Ethereum only? Or a contract to Ethereum that then can be traded for usdc etc?

Conclusions:

We will be using contracts that are connected to a batch of staked Ethereum to make it possible for stakeholders to trade in other cryptocurrencies easier and safer.

Action items	Person responsible	Deadline
✓ Learn about contracts	Thoa Le	4/16/23
✓ Find the base code needed/ research how to get it started	Xavier Ruiz	4/16/23
